THE EXPERIENCE

TAP. GRAB. GO. THAT'S IT

No buttons. No coins. No waiting for a coil to spin. The easy-to-use customer interface makes buying simple. When convenience leads, sales follow.

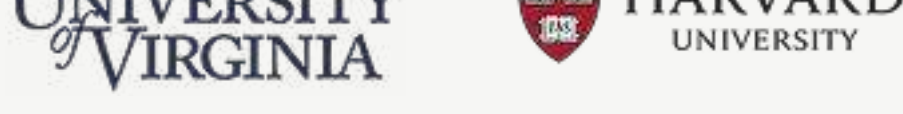

STEP 01 TAP Tap your card, phone, or watch on the reader. Payment is pre-authorized instantly no PIN required.	STEP 02 OPEN The door unlocks. Customers open it like their own freezer.	STEP 03 GRAB Take what you want. AI cameras track every item, even in low light or with fast movement.	STEP 04 GO Consumers are only charged for what they grabbed.

WHY OPERATORS CHOOSE ARCTIC

Low-E Glass & Auto Door Close Designed to maintain reliable freezing temperatures, helping keep products frozen, reduce energy waste, and eliminate the need for constant manual checks.	Gravity Rollers with Dividers & Pushers Products roll forward and stay visible at all times. A full looking shelf sells more. Dividers, shelves and pushers keep products in clean lines, fully customizable to product size.
Fits Through Any Door At 23.62" wide, Arctic fits through standard doors without disassembly, installation crew, or structural changes. Just plug it in.	One Outlet. No Extra Equipment. One 110V connection keeps the Arctic running. No extra equipment or power needed.

BACKED BY

CLOUD-NATIVE. COLLECTIVELY INTELLIGENT.

INDUSTRY-LEADING AI

Every transaction across each Vendera machine feeds one continuously learning AI. Arctic doesn't just work at its location, it also gets smarter.

Our proprietary AI software is like no other, analyzing and managing every transaction with ease, minimizing the need for human intervention

CAPABILITY 01 Knows What to Stock Analytics in the VMS app track top-selling products in real time, helping operators optimize inventory decisions and stock what customers actually buy.	CAPABILITY 02 Knows When to Restock Alerts are based on real-time sales, not a fixed schedule. You go when it actually needs you not before, not after stock runs out.
CAPABILITY 03 Records Everything Every transaction is logged on video in real time, giving you inventory visibility and a complete sales history from any device, anywhere.	CAPABILITY 04 Update Pricing in Seconds Modify prices across your entire fleet from your phone. One dashboard for sales, inventory and alerts from the Vendera VMS app.

VENDERA VMS APP

- Manage Smarter with our Proprietary VMS

Control of your fleet that fits right in your pocket. Our proprietary VMS app enhances the efficiency and effectiveness of your operation. Check in on your machine, quickly prepare for re-stock, maximize product placement and availability based on real time analytics, and check on the connectivity status of each machine. Easy access saves you time and money.

\$6,305

Real revenue from a live deployment:
1,386 transactions. 2,082 items sold. One machine. Six months from zero managed entirely from the VMS app on a phone.

1,386

Total transactions accurately recorded from a single active unit.

2,082

Items sold tracked automatically by AI, no need to count it yourself.

VISIBILITY

Stock level visible in real time. Operator alerted before products run out.

ONLINE

Easily access real-time data including connectivity status, transactions, and stock levels.

WHO WE ARE

POWERING THE FUTURE OF UNATTENDED RETAIL

Vendera builds AI-powered smart coolers that run themselves, minimizing staffing and operating costs, and maximizing revenue. Our machines learn, adapt, and improve over time.

Our fully-integrated VMS system allows you to add a mix of our high-performing coolers. Whether you're deploying, Core, Apex, Atlas, or Arctic, manage your entire fleet in one place, using the same platform and dashboard.

AI-FIRST 99.5% accuracy. AI identifies every item, every transaction, regardless of lighting, motion, or product type. It just works.	ZERO FRICTION Tap. Grab. Go. The simplest buying experience in unattended retail. Proven to drive 2 to 3x more spend per visit than a traditional machine.	RESEARCH BACKED Proven intelligence. Vendera's technology is validated by experts from elite universities. Our innovation is built on science, not hype.
